PART V: REVIEW OF SUMMARY, METHODOLOGY AND EXPLANATION

Texas Labor Code §413.011(a-d), titled *Reimbursement Policies and Guidelines*, and Division rule at 28 Texas Administrative Code §134.1, titled *Use of the Fee Guidelines*, effective May 16, 2002 set out the reimbursement guidelines.

This request for medical fee dispute resolution was received by the Division on September 12, 2003. Pursuant to Division rule at 28 TAC §133.307(g)(3), effective January 1, 2003, 27 TexReg 12282, applicable to disputes filed on or after January 1, 2003, the Division notified the requestor on September 12, 2003 to send additional documentation relevant to the fee dispute as set forth in the rule.

- For the services involved in this dispute, the respondent reduced or denied payment with reason codes:
 - M-No MAR.
 - D-Duplicate bill.
- The Respondent denied reimbursement based upon duplicate claim/service. The disputed service was a duplicate bill submitted for reconsideration of payment. The Respondent did not provide information/documentation of duplicate payments. Therefore, this payment denial reason has not been supported.
- This dispute relates to outpatient surgical services provided in a hospital setting with reimbursement subject to the provisions of Division rule at 28 TAC §134.1, effective May 16, 2002, 27 TexReg 4047, which requires that "Reimbursement for services not identified in an established fee guideline shall be reimbursed at fair and reasonable rates as described in the Texas Workers' Compensation Act, §413.011 until such period that specific fee guidelines are

established by the commission.”

4. Texas Labor Code §413.011(d) requires that fee guidelines must be fair and reasonable and designed to ensure the quality of medical care and to achieve effective medical cost control. The guidelines may not provide for payment of a fee in excess of the fee charged for similar treatment of an injured individual of an equivalent standard of living and paid by that individual or by someone acting on that individual's behalf. It further requires that the Division consider the increased security of payment afforded by the Act in establishing the fee guidelines.
5. Division rule at 28 TAC §133.307(e)(2)(B), effective January 1, 2003, 27 TexReg 12282, applicable to disputes filed on or after January 1, 2003, requires that the request shall include “a copy of each explanation of benefits (EOB)... relevant to the fee dispute or, if no EOB was received, convincing evidence of carrier receipt of the provider request for an EOB.” Review of the documentation submitted by the requestor finds that the request does not include any original EOBs for the disputed services. Neither has the requestor submitted convincing evidence of carrier receipt of the provider request for an EOB. The Division concludes that the requestor has not met the requirements of Division rule at 28 TAC §133.307(e)(2)(B).
6. Division rule at 28 TAC §133.307(e)(2)(C), effective January 1, 2003, 27 TexReg 12282, applicable to disputes filed on or after January 1, 2003, requires that the request shall include “a table listing the specific disputed health care and charges in the form, format and manner prescribed by the commission.” Review of the documentation submitted by the requestor finds that the requestor has indicated that the amount billed for the services in dispute is the total for all services charged on the hospital bill; however the documentation does not support that all of the services in dispute were rendered on the date of service listed on the requestor's *Table of Disputed Services*. The requestor listed the disputed date of service as 11/7/02 on the *Table*; the total charges on the bill were for date of service 11/7/02 and 11/8/02. The Division concludes that the requestor has failed to complete the required sections of the request in the form, format and manner prescribed under Division rule at 28 TAC §133.307(e)(2)(C).
7. Division rule at 28 TAC §133.307(g)(3)(C)(iii), effective January 1, 2003, 27 TexReg 12282, applicable to disputes filed on or after January 1, 2003, requires the requestor to send additional documentation relevant to the fee dispute including a statement of the disputed issue(s) that shall include “how the Texas Labor Code and commission [now the Division] rules, and fee guidelines, impact the disputed fee issues.” Review of the submitted documentation finds that the requestor did not state how the Texas Labor Code and Division rules impact the disputed fee issues. The Division concludes that the requestor has not met the requirements of Division rule at 28 TAC §133.307(g)(3)(C)(iii).
8. Division rule at 28 TAC §133.307(g)(3)(C)(iv), effective January 1, 2003, 27 TexReg 12282, applicable to disputes filed on or after January 1, 2003, requires the requestor to send additional documentation relevant to the fee dispute including a statement of the disputed issue(s) that shall include “how the submitted documentation supports the requestor position for each disputed fee issue.” Review of the submitted documentation finds that the requestor did not state how the submitted documentation supports the requestor's position for each disputed fee issue. The Division concludes that the requestor has not met the requirements of Division rule at 28 TAC §133.307(g)(3)(C)(iv).
9. Division rule at 28 TAC §133.307(g)(3)(D), effective January 1, 2003, 27 TexReg 12282, applicable to disputes filed on or after January 1, 2003, requires the requestor to provide “documentation that discusses, demonstrates, and justifies that the payment amount being sought is a fair and reasonable rate of reimbursement.” Review of the submitted documentation finds that:
 - The requestor's rationale for increased reimbursement from the *Table of Disputed Services* states that “Carrier paid 15% of our bill, calling payment fair and reasonable. We do not agree that this is a reasonable payment. While we feel our fees are fair and reasonable, the hospital will accept 75% of billed charges as a fair and reasonable amount.”
 - The requestor does not discuss or explain how payment of 75% of charges would result in a fair and reasonable reimbursement.
 - The requestor did not submit documentation to support that the payment amount being sought is a fair and reasonable rate of reimbursement.
 - The requestor does not discuss or explain how payment of the requested amount would satisfy the requirements of Division rule at 28 TAC §134.1.
 - The Division has previously found that a reimbursement methodology based upon payment of a hospital's billed charges, or a percentage of billed charges, does not produce an acceptable payment amount. This methodology was considered and rejected by the Division in the *Acute Care Inpatient Hospital Fee Guideline* adoption preamble which states at 22 Texas Register 6276 (July 4, 1997) that:

“A discount from billed charges was another method of reimbursement which was considered. Again, this method was found unacceptable because it leaves the ultimate reimbursement in the control of the hospital, thus defeating the statutory objective of effective cost control and the statutory standard not to pay more than for similar treatment of an injured individual of an equivalent standard of living. It also provides no incentive to contain medical costs, would be administratively burdensome for the Commission and system participants, and would require additional Commission resources.”

The request for additional reimbursement is not supported. Thorough review of the documentation submitted by the requestor finds that the requestor has not demonstrated or justified that payment of the amount sought would be a fair and reasonable rate of reimbursement for the services in dispute. Additional payment cannot be recommended.

10. The Division would like to emphasize that individual medical fee dispute outcomes rely upon the evidence presented by the requestor and respondent during dispute resolution, and the thorough review and consideration of that evidence. After thorough review and consideration of all the evidence presented by the parties to this dispute, it is determined that the submitted documentation does not support the reimbursement amount sought by the requestor. The Division concludes that this dispute was not filed in the form and manner prescribed under Division rules at 28 Texas Administrative Code §133.307(e)(2)(B), §133.307(e)(2)(C), §133.307(g)(3)(C), and §133.307(g)(3)(D). The Division further concludes that the requestor failed to support its position that additional reimbursement is due. As a result, the amount ordered is \$0.00.
